

Get easy tracking and complete transparency on our online customer portal

- **Dynamic real-time tracking**
Follow the entire delivery process through a live status on each shipment, specially tailored to meet each vessel's needs
- **100% transparency**
Keep track on your shipments and supplier; view your supplier's previous delivery history and performance across all transport modes.
- **In-depth transport reports**
Get access to data on each order based on transport mode, destination, departure city, including weight, value, invoices, and more.
- **CO2 emissions calculation**
Calculate CO2 emissions per order, per vessel, and for your entire spare parts freight.

Plan your deliveries to minimize the number of deliveries to your vessel; consolidate your provisions, stores, and spare parts to reduce your last-mile costs, and enjoy instant access to live tracking of your shipments, data and KPI's.
